Enter the barcode number on the back of your library card and your four digit pin number (usually the last four digits of your telephone number). This will allow you to see additional titles that PRPL has purchased just for our patrons.
- Select a title from the Digital Download Center; click *Add to Download List*.
- Click *Proceed to Checkout*.
- Change lending period, if desired. 21 days is the default setting.
- Confirm your checkout.
- Click *Download* option.
- First time users will need to download Adobe Digital Editions onto their personal computer or laptop. This download is available on the OverDrive home page.

Installing Adobe Digital Editions on Your Computer

- Click on the *Adobe Digital Editions* button on the right side of the OverDrive Digital Download Center. It will be under the heading for *Software Downloads*.
- On the next page, click on the button that says *Get Adobe Digital Editions*. Follow the prompts to download the program. A new shortcut will appear on your computer desktop.

- Open Adobe Digital Editions by double clicking the icon on your desktop. The *Setup Assistant* dialog box will be displayed and will remain until your set-up is complete.
- Click *Continue*. The *Authorize Computer* screen is displayed.
- In the appropriate fields, enter the email address and password for your Adobe ID, click *Get an Adobe ID Online* and follow the instructions to sign up.
- Select *Activate*. Your computer will be activated to your Adobe ID.
- Click *Finish* to close the *Setup Assistant*.
